Dear Name:

We're sorry that you were not able to join us on August 31<sup>st</sup> to learn more about The \_\_\_\_\_ Center and the work of the children's resource group. However, since you did indicate your interest in learning more, I want to take this opportunity to follow up and tell you a bit about the luncheon.

Over 20 guests attended the event at \_\_\_\_\_ Country Club. It was wonderful to see many different women together talking about something that truly affects our community and its children.

After a brief welcome from the executive director of the Center, Co-Chair spoke to the group and told a bit about her interest in helping our young clients and their families whose lives are greatly impacted by HIV and AIDS.

She then turned the program over to Dr. \_\_\_\_\_, a member of the Center's Board of Directors and Director of the HIV and AIDS Service at \_\_\_\_\_ Children's Hospital. Dr. \_\_\_\_\_ described the four-year collaboration between our organizations and gave us several snapshots of her patients and their families.

After the event, Co-Chair and Dr. \_\_\_\_\_ followed up with information about how to support the children's resource group and why it is truly unique to other worthy philanthropic ventures. Through your membership, you can have a direct impact on the life of a local boy or girl affected by HIV/AIDS.

We will hold another CRG event in the near future and I'll make sure you are on the guest list. I have enclosed the brochure and membership card for your information. If you have any questions, please contact me.

Sincerely,

Associate Director of Resource Development
